SUMMARY

As a UX designer, I create designs guided by user research and feedback. My journey stems from a decade-long immersion in healthcare as a Paramedic.

EXPERIENCE

UX Designer: Virtual Care Application 2024

[Virtual Care Case Study](#)>

- Increased patient volume by up to 75% through improvements in User Experience.
- Collaborated with 3+ peers using Figma to create wireframes and prototypes.

UX Designer: Health Application 2023

[Health Application Case Study](#)>

- Developed prototypes that allowed users to track and securely store various health metrics and medical history.
- Used surveys to assess the application's success during each step in the design process.

UX Designer: Education Application 2023

[Education Application Case Study](#)>

- Conducted research and interviews with potential users to identify pain points.
- Designed low-fidelity and high-fidelity wireframes using Figma.

Virtual Care Coordinator 2022 - 2024

- Ensured accurate and up-to-date maintenance of medical records and insurance verification utilizing EMR and video call platforms.

Paramedic 2011 - 2023

- Provided emergency care, assessed patient conditions, administered treatments, and transported patients to medical facilities for further care.

EDUCATION

UX/UI Design

CareerFoundry 2023

10-month immersion course designed to teach students the foundations of UX design and skills to create wireframes and prototypes.

Emergency Medical Services, A.S.

Santa Fe College 2011

The Emergency Medical Services A.S. program prepares students for promotions and advancement within the EMS industry.

TECHNICAL SKILLS

Front-end

- User Research
- User Personas
- Usability Testing
- Site Mapping
- Competitive Analysis
- Usability Heuristics
- Google Workspace

Design

- Figma
- Typography
- Wireframing
- Prototyping
- A/B Testing
- Interaction Design (IxD)
- Responsive Web Design

PROFESSIONAL SKILLS

- Team Collaboration and Communication
- Accountability
- Punctuality
- Attention to Detail
- Time Management
- Consistency
- Adaptability & Problem-solving
